

Landfill/ Solid Waste COLLECTION INFORMATION

Residential Curbside Collection

Collection Areas & Schedule

Please see the next page for the full collection area and schedule for this year. Not sure which area you fall under? visit www.princerupert.ca/maps or call (250) 624-6795 extension 1 to have staff assist you.

Do the Crime, Pay the Fine

Though most people follow the rules when putting out their waste, those who don't cause serious delays for our collection crews. To help get better compliance from everyone, new fines, starting at \$53, will apply to those who don't use or overfill their City-provided bins. Do your part to keep our City streets clean!

It's About Bins, Not Bags

There is no longer a bag limit for collection, so residents can use garbage bags of any size. All that matters is that all garbage placed for collection fits within the City-provided bin, and that no bin, together with its contents weights more than 45kg (100lbs). No more bag limits also means no more bag tags! Bag tags are no longer sold. If you have more garbage than can fit in your bin, either hold onto it to place in the next week's collection, or bring it directly to the landfill and pay the applicable landfill tipping fees.

Bigger Bins are Available

Certain that you won't be able to fit your garbage into the provided bin? You can request a larger bin at www.princerupert.ca/request_a_bin. These bins are double the size, but cost \$25 to exchange, and \$111 in additional annual solid waste fees. But before you upsize, try to recycle!

Collection Day

To ensure successful collection and avoid attracting wildlife, place all materials inside your bins at the curb by **7:00 am on your collection day**. Do not leave bins out overnight before your collection day. This helps with deterring wildlife, including bears, from entering your bin and having waste strewn all over the street. Make sure your bin lids close. This protects animals from entering the bin and helps to stop debris from blowing around the neighbourhood.

Participate, Don't Contaminate!

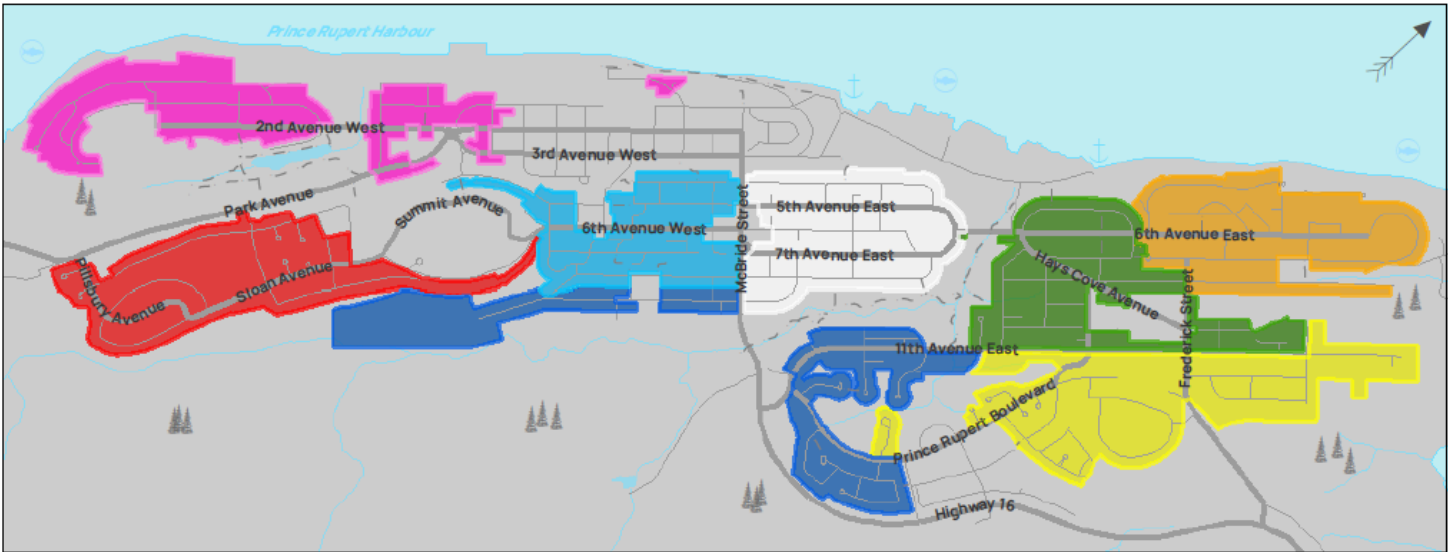

The City's curbside recycling service is funded in large part by Recycle BC. But if too much contamination is found in our collection, then funding will be cut! Help out your fellow taxpayers by being careful with what you put in your bin. Garbage doesn't belong in your recycling bin. Fines, starting at \$53, will be applied to repeat offenders, so do your part to keep contamination low!

Not sure what can/cannot be recycled? Scan the QR code (left) with your phone or search Recycle Coach in your app store for a handy searchable database of items.

PLUS! Download the app and turn on notifications for personalized pick up reminders. **Didn't hear from Recycle Coach?** Report it in the app so they can help you problem solve!

A SCAN ME

- The 8 different collection colours shown on the map represent the curbside collection areas.
- Find the location of your residence on the map and the colour of your area to read the schedule below
- If you are not sure of your colour, please call (250) 624-6795 extension 1.
